Please answer the following questions regarding your interest in this program and your educational goals:

1. Please provide a summary of your educational goals.

2. What is your commitment to work within the community during and after you receive assistance from ZETAC?

3. The W. K. Kellogg Foundation provides grant funds to Zuni and other Native American community members. These Grant funds will support your educational goals by providing non-monetary assistance with online course fees, books, supplies and tuition scholarships (contingent upon available funding).

In addition, the program can assist you with obtaining your licensure/certification through NM Public Education Department Licensing Bureau on a reimbursement basis. However, there are no guarantees that we will receive continued funding from Kellogg past the grant period. Please indicate whether you are willing to continue your educational plan to obtain a degree and license/certification if the support ends.
